Parking for visitors to NIASRA, Building 39C, University of Wollongong

There are various car parks located around the University. But it is essential that you either obtain a parking permit or pay for a parking ticket as the car parks are patrolled by rangers.

NIASRA is located in building 39C.

**Available car parks**

There are 8 major car parks around the campus. The closest one to building 39C is P8, followed by P7, followed by P2.

Please observe the signs in the car park. There are different areas for permit holders (regular car park users) and ticket holders (intermittent users purchasing a ticket).

In P8, the closest car park, ticket holders should park in the southern most area of the car park, nearest to Northfields ave.

We have available free car park vouchers for visitors. The voucher is ‘scratchy’ based, where you scratch out the date details, then leave on the car dash board, visible to rangers.

There is a kiosk with a pull in bay marked by the ‘STOP’ sign on the map. Between 8am and 3pm, the kiosk attendant will provide you with an envelope with a parking voucher in it. If you arrive outside these times, please call your NIASRA contact who will have a parking voucher for you.

View another map of the car parking areas [here](#). For other information on parking in general, visit the UOW site [here](#).
Getting to NIASRA

The entrance to our office in building 39C is through the western doors, locally known as the ‘Horse’s head’. (Don’t ask about the name of the eastern entry.)

The NIASRA offices are located on the second floor, which can be accessed by lift or atrium stairs.

If you take the lift, select the 3rd floor button. On exiting the lift, turn right, and our door is immediately to the right. If you take the stairs, our door is immediately to the left at the top of the stairs.

If you need to contact the NIASRA office, please call your contact, Steve Hurley (4221 5320), or Anica Damcevski (4221 5435).
