12:00	Lunch	
12:45	ShinyApp Development and Demonstration	SAGI-South
2:00	Closing	
2:15	Afternoon tea	

Workshop Descriptions

User experiences with od()

An opportunity to share experiences about using od(). We anticipate that each node will nominate 1-2 people to showcase how they used od() in an experimental design, touching on challenges and outcomes.

ShinyApp Development and Demonstration

ShinyApps are a way to deliver statistical results in a user friendly manner that allows interrogation of complex dataset. This workshop will be facilitated by SAGI-South.

---We acknowledge GRDC for funding this event---
